Login

Go to <http://docushare>. Fill in your **Employee ID** and **Password** (same as your internet password). Leave the "Domain" as Metadirectory. Click **Login** or press enter.

Access

The Docushare Home Page shows the folders you currently have access to. If you need departmental access, please call or ask your representative to contact GSA Business Support at 654-3743, or email us at vcprint@ventura.org.

Browse

Select a folder to view content or browse through the **Location Bar**. A folder is a collection of documents and archived content which can include PDF files, MS Office files, search queries, and more.

[HINT - Add the folders you access the most as favorites or bookmarks.]

The **Location Bar** is a convenient way to navigate through DocuShare. This shows the path to your collection, allowing you to jump directly to collection folders.

Search

For best results, match the form name found on the bottom left corner of a document and enter this exactly in the search bar. Searching **In: This Collection** searches the current document collection and all its subfolders. One can browse through collection folders or utilize the Search to find files using key words or index values.

Ordering an Item

Hypothetically, let's order an item called "*HSA DocuShare User Guide*".

(You must be a member of the HSA group to actually do this, but the mechanics are the same for any file.)

It resides in the folder: [Human Services » Human Services Agency](#)

QUICK FIND: From the [Human Services Collection](#), you can type in the **Search** window "*HSA DocuShare User Guide*". This will take you directly to the file.

When you click on the [HSA DocuShare User Guide](#) link, or the PDF icon to the left of it, a preview will open in your browser. If this is the file you expected, click the back button.

To order the document, click the shopping cart icon located in line to the right of it.

The shopping cart allows you to set the quantity desired.

Enter an amount then press the **Proceed to Checkout** button.

Ordering Multiple Items

To order additional items, select **Back to Collection** to view the current collection or to conduct a search. If you know the document name, you can enter it in the **Search** window within the Shopping Cart.

To add multiple items to your cart at one time, select the check box next to each item you wish to order. Click on the **Edit Selection** drop down menu (▼) and select Add to Cart. You are now ready to Proceed to Checkout.

At any time, you can check the contents of your Shopping Cart by selecting the **View Cart** icon.

Proceed to VCPrint

Your order has now been passed from DocuShare to VCPrint. (**NOTE:** DocuShare hosts content, while VCPrint manages the print production, billing, and order history.)

Adjusting the **Order Name** is optional. Click on the pencil icon to edit the name. We have named this sample order “HSA Documents.” Confirm the quantity of each item, adjust your due date as necessary, and confirm your shipping and billing contacts.

To complete the order process, select **Place Order**.

Please note: Clicking on the **Continue Shopping** icon will NOT return to you DocuShare. To return to DocuShare you will need to open a new window and proceed to <http://docushare> and place another order. To save your order without submitting it, select the **Cancel or Save** icon, then select **Save**. This saves the unsubmitted order into your **Orders** list within VCPrint.

- Item 3:** Client message sheet (1 Page), Quantity 1. It has a 'Replace File' and 'Continue Shopping' button.
